

# ML&P: The next generation

James Trent, General Manager  
& Chief Operating Officer

[www.mlandp.com](http://www.mlandp.com)

# ML&P in 2015 & beyond

- Aggressively looking at alternate forms of energy
- Infrared technology & new predictive maintenance programs
- Formalizing a voluntary power-pool concept

# Plant 2A, a world leader

[www.mlandp.com](http://www.mlandp.com)

# Plant 2A & the customer

- Summer 2016
  - Highly efficient
  - Clean technology

# Railbelt issues

- ML&P unique in Railbelt
  - Self-sufficient with Plant 2A
- Unified system operator/power pool
  - Costs = benefit
  - Voluntary & transparent
